

ANOTHER VOICE

By Andrew Horwood

There's another voice inside me
An old friend
A deeper tone
More resonance and less noise
Centred
Strong
Inviting
Assuring:
The voice of Love

There's another language inside me
Words not yet found
For it's essence that's shared.
More stillness than sound
The communion of the spheres
Where words aren't needed
Yet connection exquisite
And knowing is full;
The language of Love

There's another ME inside me
Larger than now
The snake shedding skin
Revealing the One I AM
Dwelling in radiant love;
The ME who is Love.
